BYU Public Health

ADVISING

28 Oct 2020

If you have questions regarding this major, the new curriculum, mapping out your classes, or have questions in general about what is expected of you, please feel free to make an appointment with a Public Health department advisor by calling 801-422-3386.

****ADVISING APPOINTMENT HOURS****

Stephanie and Beth are happy to chat via email, phone conversations, FT, Skype, Google Hangout, whatever works best for you. You may still make an appt by calling the number above or you may email Stephanie or Beth directly.

Stephanie Lutz (Internship Coordinator)

T/TH in person appts

M/W Zoom appts

9-2pm

Beth Liechty (Class planning)

9-2pm M-Th Zoom appts

Tuesday in person appts

Before meeting with Stephanie about internship questions, please read the entire internship manual, make a list of questions, and outline your internship plans. The manual will answer many of your questions. By preparing for your appointment, your time with Stephanie will be much more efficient.

Just a reminder that the Department of Public Health has a Facebook page where you can find current news and event information!

*Find us at **BYU Public Health***

*You may also find department news on our website: **PH.BYU.EDU***

General Management Corporate Internship Program

Start date: June 7th, 2021

End Date: August 13th, 2021

CVS Health is the nation's premier health innovation company helping people on their path to better health. We are building a new health care model that is easier to use, less expensive, and puts the consumer at the center of their care.

Our Corporate Internship Program is a nationally recognized experience; it is also a great way to gain confidence, sharpen your skills, and make a difference.

You will gain valuable work experience and participate in:

- Projects that contribute to the success of our business
- Community service initiatives
- Mentorship and networking opportunities
- Interaction with senior leaders

And our corporate interns have an increased likelihood to receive an offer for a future role with CVS Health.

The program doesn't just help you develop general management skills; it accelerates your development. You'll get well-rounded experience and exposure to key business lines while honing your leadership skills.

What this business area support

Our positions will immerse you in a key business area — what we call the "growth engines" of CVS Health and CVS Health. These areas fuel our efforts to create a simpler, more affordable, and higher-quality health care system for employers, doctors, and consumers. The location of each rotation will vary, so relocation for the summer may be required. If you relocate for the summer, summer housing coordination and stipend may be provided to those that qualify.

What you will do

You will have the opportunity to contribute to the success of our team while working on projects that will utilize your project management, business consultation and healthcare analytics skills

Required Qualifications

You should have:

- Effective written and verbal communication, throughout all levels of the organization.

- Ability to work in a fast-paced environment and meet tight deadlines.
- Strong analytical and problem resolution skills.
- Encourages teamwork and a positive environment to improve team effectiveness.
- Demonstrates a commitment to integrity, the CVS Health code of conduct and respect for diversity.

Preferred Qualifications

You should:

- Have a willingness to relocate
- Be able to work in a fast-paced environment and meet tight deadlines
- Possess strong analytical and problem resolution skills
- Be able to communicate effectively with a diverse audience
- Encourage teamwork and a positive environment to improve team effectiveness
- Be resourceful and can quickly and successfully adapt to change
- Have an interest in obtaining full-time position within CVS Health

Education

- You should currently be pursuing a Bachelor's degree (preferably in Business or Management but will consider other related majors)
- Have a 3.0+ cumulative GPA
- Have an anticipated graduation date between September 2021 - August 2022

Business Overview

At CVS Health, we are joined in a common purpose: helping people on their path to better health. We are working to transform health care through innovations that make quality care more accessible, easier to use, less expensive and patient-focused. Working together and organizing around the individual, we are pioneering a new approach to total health that puts people at the heart.

We strive to promote and sustain a culture of diversity, inclusion and belonging every day. CVS Health is an equal opportunity and affirmative action employer. We do not discriminate in recruiting, hiring or promotion based on race, ethnicity, sex/gender, sexual orientation, gender identity or expression, age, disability or protected veteran status or on any other basis or characteristic prohibited by applicable federal, state, or local law. We proudly support and encourage people with military experience (active, veterans, reservists and National Guard) as well as military spouses to apply for CVS Health job opportunities.

General Management Rotational Development Program

CVS Health's general management development program helps position early-in-career talent to be the next generation of leadership at CVS Health. The program provides exposure across CVS Health's core businesses and offers meaningful rotations with a focus on critical business and leadership skills. Participants will complete three rotations of 18-month duration across various geographies with exposure to top talent and management in each operating division.

As a program participant, you will progress through GMDP rotations in accordance with a personalized developmental plan. During your rotations you will:

- Provide timely delivery of milestones related to each rotation
- Act as a resource for other colleagues; responsible for portions of projects or leads projects with limited risks and resource requirements
- Help to identify gaps, recommend, and implement new and more effective ways to approach and improve products, processes and service using business segment and function knowledge
- Demonstrate and utilizes strategic problem-solving skills
- Provide input on business plan to achieve business goals.
- Act as an advocate for change that may require influencing others
- May solicit and evaluate internal and external customer feedback to enhance continuous improvement
- Develop recommendations based on complex data and root cause analysis.

In addition to learning fundamental technical skills, through this program participants will improve proficiency on the following General Manager competencies.

- Defining a Compelling Strategy
- Delivering Financial and Business Results
- Building Talent and Teams
- Developing Meaningful Relationships

The program provides exposure across CVS Health's core businesses and offers meaningful rotations with a focus on critical business and leadership skills.

What you will do:

- Strategic Consulting
- Healthcare Analytics
- Project Management
- Account Management

Required Experience

You should:

- Have a willingness to relocate
- Have the ability to work in a fast-paced environment and meet tight deadlines
- Be able to work in a fast-paced environment and meet tight deadlines
- Possess strong analytical and problem resolution skills
- Encourage teamwork and a positive environment to improve team effectiveness
- Be resourceful and can quickly and successfully adapt to change
- Be able to communicate effectively with a diverse audience

Education:

You should:

- Currently be pursuing a Bachelor's degree, focused in Business, Management, or other relevant majors
- Have a 3.0+ cumulative GPA
- Have an anticipated graduation date between May 2020 – August 2021

At CVS Health, we are joined in a common purpose: helping people on their path to better health.
