DEADLINE IS TODAY!

Description:

USOPHE interns can expect to work on a variety of projects pertinent to USOPHE's mission – "To improve the health of Utahans by promoting the advancement of the health education profession and the employment of health educators in the public and private sector." Among these are advocacy, program planning and evaluation, communications planning/outreach, conference planning, chapter development, and administrative responsibilities/data entry and other duties assigned by USOPHE board members.

A scope of work and activity is tailored to each intern's expertise and pertinent to USOPHE's needs. USOPHE interns will have the opportunity to assist board members with the advancement of the Chapter's overall mission.

- 180-200 Credit hours (determined by University standards)
 - 40-45 hours average per month
 - 10-11.5 hours average per week determined by applicant and advising USOPHE Board Member.
- Hours will be achieved by accomplishing the following tasks – annual conference planning and attendance, annual advocacy academy planning and attendance, monthly board calls, tabling events at university, website and social media management.
- Location of the internship will be home based. Intern will use their own computer, phone, etc. to complete internship requirements. However, interns will be onsite for conference planning site visits, in-person USOPHE Board meetings, the annual Advocacy Academy and Conference, tabling/recruiting events at the intern's University, career

fairs, etc. and any other meetings/events that the USOPHE Board sees fit.

The ideal candidate will:

- Work with minimal supervision
 - Possess excellent oral, written, and interpersonal communication skills
 - Be detail oriented
 - Be reliable and prompt
 - Participate in a minimum of 50 percent of USOPHE monthly board calls
 - Deal tactfully with a variety of personalities
 - Work in a team environment
 - Demonstrate strong organizational skills
 - Prioritize and manage multiple tasks and responsibilities
 - Be a current USOPHE member (preferred)
-

The Tobacco Prevention and Control Program (TPC) for the State of Alaska (SOA) is seeking a student Intern (unpaid) to conduct a tobacco policy evaluation project for the state. The project would entail collecting, organizing, grading, and analyzing a wide variety of tobacco related policies for a CDC evaluation project. Policies will be collected from entities such as community governments, tribal organizations, healthcare organizations, multi-unit housing, school districts, and post-secondary institutions.

Candidates may apply if they live outside of the State of Alaska. Preference will be given to Alaskan residents, familiarity with Alaska Native culture, and applicants seeking internship related academic credit hours. Applicants must have their own internet connection and computer/electronic device. All work will be conducted remotely under the supervision of the TPC Evaluation Epidemiologist.

This position is unpaid and not benefitted. Anticipated start date of Feb 2nd, 2022. Weekly hours and length of internship to be determined based on student needs and availability. Submit a resume, cover letter, and 3 references to (former student) matthew.dungan@alaska.gov.

**PAID Internship - 2022 School Health Profiles
Survey intern**

The Department of Health has a recruitment open for the following PAID internship position:

Tobacco and Prevention Control Program (TCP) Intern, \$12.00 - 13.00 Hourly. This is a part time, non-permanent position without benefits.

Requisition #29794, Closes: 11/29/2021 at 11:59 pm MST, Vacancies: 1

In order to be considered for an interview, you will need to apply on-line **here** or at **<https://www.governmentjobs.com/careers/utah>**. If you have not done so already, you will need to create a job seeker account.

Internship Opportunity at Huntsman Cancer Institute

Huntsman Cancer Institute is seeking applicants for the Community Outreach and Prevention Education Program Internship.

Selected interns will join an established team devoted to creating long-term solutions to prevent cancer and improve the health of individuals, families, and communities—especially those disproportionately affected by cancer. Interns assist with planning, organizing, implementing, and evaluating projects in collaboration with community partners across Utah. Projects focus on cancer risk factors, prevention and screening, vaccination, and lifestyle behaviors. Interns also represent Huntsman Cancer Institute at community health and screening events; engage in statewide coalition work; provide in-person and virtual health education; and collaborate with researchers and clinicians.

Eligibility:

Undergraduate and graduate students with a degree in public health, health promotion and education, health sciences, community outreach/engagement, or other relevant field is preferred.

New interns are accepted 3 times per year:

- Spring: January-April (deadline to submit October 31)
- Summer: May-August (deadline to submit March 31)
- Fall/Winter: September-December (deadline to submit July 15)

Application:

Interested students should email their application to Nathaniel Ferre at nathaniel.ferre@hci.utah.edu.

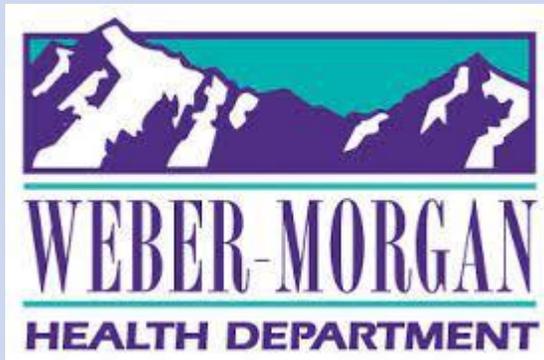

Applications must include:

- Resume
- Cover letter (include internship requirements and expectations)
- Two letters of recommendation
- Availability

08/2020

Huntsman Cancer Institute Community Outreach and Prevention Education Internship

The WMHD is currently recruiting interns for their Division of Health Promotion for the spring 2022 semester.

Utah Department of Health Internship

Project description:

The Utah Department of Health (UDOH) has worked closely with the Utah State Board of Education (USBE) since 2002 to conduct the School Health Profiles (profiles) survey. Profiles is a biennial statewide survey of junior high/high school administrators and teachers regarding health policies, physical environments, and curriculum. It is used to direct interventions and evaluate programs within the Bureau of Health Promotion. We are recruiting a temporary, part-time intern to assist in administering the 2022 School Health Profiles Survey.

Tasks for the intern will include:

- Getting permission from the USBE to conduct the survey
- Questionnaire development
- Identifying an incentive and getting at least three bids
- Assembling packets for mailing
- Organizing the mailing of the survey
- Following up as necessary to obtain at least a 70% response rate
 - Email, phone calls, etc.
- Communicating with the Centers for Disease Control and Prevention

Ideal qualifications:

The intern should be dependable, have good communication and interpersonal skill, and have the ability to work independently.

Schedule & pay:

The position will begin in January 2022. It will require about 20 hours per week with possibly more at certain key times. The salary is \$12-14/hour. The specific schedule is flexible.

Contact Wei Beadles (whou@utah.gov) for more information or to apply for the position.

Career Services - Sterling May

"I was too afraid to go to career services as a student. It sounded like I needed to have my life together before I met with them, but the truth is that you don't. You can come in and say, 'I really have no idea what I'm doing with my life,' and we'll say, 'Great, let's talk!'"
