One of our professors - Alisha Redelfs - has been a victim of identity fraud by someone sending out emails using her BYU photo, contact info, and research profile. If you've received an email from "her" about research opportunities, you may have inadvertently given out personal information that could be used for identity theft. Alisha has alerted BYU and Abuse@byu.edu but there isn't much they can do at this point.
Join Y-Serve Refugee on Wednesdays from 7pm-9pm in the Wilkinson Center by the Cougareat. In partnership with local nonprofit organizations we assemble blankets and sleeping pads for refugees abroad as well as within Utah. Come for as much of the activity as you have time!
The BYU public health department is providing an additional resource to help public health students and professionals to take steps to find the right job that fits them and grow their careers.
