Did you know at the bottom of this email is a list of clubs that might be of interest to you? Here is the latest to be added to the list:

![BYU Anti-Racism Club](image)

The BYU Antiracism Club aims to enable BYU students to better follow Christ's admonition to love our neighbors through learning about racial inequality. As a club, we strive to listen to and lift the voices of marginalized students, faculty, and those in our community. We invite all students to come as they are and learn together to become not only "not racist," but actively "anti-racist."
