The Shot@Life campaign of the United Nations Foundation is dedicated to ensuring everyone in the world has access to lifesaving vaccines and all children have a shot at life.

There are a great number of travel scholarships available, and food and lodgings for the conference will be fully covered - this is something students can participate in without any financial concerns. Here is a link to the conference application. Applications are due December 1, and all are invited to apply!

ATTENTION HEALTH PROMOTION SENIORS
If you are Health Promotion, now is the time to decide if you want to take the CHES exam. To sit for the exam this April, you need to be graduating APRIL, JUNE, or AUGUST 2024 (there is also an October exam date). Once you've registered for the exam, please email your receipt to emily_eyre@byu.edu along with your address and NetID, and the Dept of Public Health will reimburse $110 of the fees (fees increase in December and February). After that is done, please contact Beth Liechty or our department front desk (801-422-3386) to check out a study guide.

Please explore the NCHEC website here for answers about the exam as well as the application form.

CAREER CORNER

The BYU public health department is providing an additional resource to help public health students and professionals to take steps to find the right job that fits them and grow their careers.
