Internships

Utah Water Quality Communication Internship

Passionate about environmental health, communication, and keeping people and pets safe? Apply now for a full-time, paid internship focused on communication and content development for the State of Utah's Division of Water Quality.

Position details

Our [Recreational Water Quality Program](#) keeps people and pets safe as they play in Utah's lakes and rivers. Our 2024 intern will play a key role in making sure the public gets the information they need to avoid toxic algae and harmful bacteria. Projects will include:

- Work alongside our content team to develop high-impact social media partnerships and posts
- Expand and apply a public perception survey (field trips to beautiful local waterbodies included)
- Write approachable and searchable educational web content
- Identify and build your own communication campaigns that push forward State and program goals – this is an opportunity to apply your unique passions and skills

Intern will work full-time, mid-May through October 31st. Transition to part-time work is possible in the fall. Most work can be completed either in-person or remote, but intern must live in Utah while employed. Pay will be \$16-21/hr depending on experience.

Our ideal intern will:

- Excel at written and verbal communication
- Have a proven ability to develop high-quality social media, email, and web content
- Be comfortable with occasional data entry and analysis in Microsoft Excel
- Successfully combine high professionalism with creativity, innovation, and fun
- Be a connector and organizer of partner organizations to expand our reach
- Thrive in both collaborative and independent projects and campaigns

HOW TO APPLY

Please email a cover letter and resume to Hannah Bonner (hbonner@utah.gov).

Interviews will be conducted on a rolling basis beginning in late March

Paid summer internship opportunity (great opportunity for EOH students!)

Field work including entomology, ecological & environmental applications. Also laboratory work involving things like efficacy and resistance studies, assays, surveillance, identification and testing.

Listing is found on Handshake!

Healthcare Administration Internship Program

Are you looking for a rewarding internship experience in healthcare? Working at Ashford is both challenging and exciting with something new every day. If you join our team you will find more than just a job. We work hard but also know how to have fun. If you are down-to-earth, enjoy problem-solving, and want to make a difference, you've come to the right place!

Ashford in Springville is looking for another member to join our administrative team for a Spring/Summer internship. This position is perfect for those looking to further or begin a career in healthcare administration/management, particularly those majoring in such fields that require internship hours. Ashford is locally-owned and operated, setting us apart from our competitors. This industry is rapidly growing and now is an exciting time to get involved.

Responsibilities of the administrative team include:

- Job postings, interviews, and hiring
- Marketing and community outreach
- Tours and admission of new residents
- Ensuring compliance with state regulations
- Daily interaction with residents and their families
- Work closely with department heads to oversee the following areas: Dietary, Activities, Nursing, Housekeeping, Front Office and Maintenance
- Address staff and resident concerns and hold disciplinary meetings as necessary
- Plan and carry out regular employee trainings and activities
- Job shadowing in various departments to better understand how the facility operates from a managerial perspective

Requirements:

- Experience in healthcare, management, administrative, customer service, etc. **preferred**, other types of experience will be considered
- Must be able to pass a background check

This internship would be scheduled Monday-Friday, between 9am - 5pm with some flexibility to accommodate personal needs. Average hours necessary can range from 25-40 hours depending on what your availability allows. This is a paid internship. Pay will be discussed in person based on experience. If interested, please contact katrina@ashfordutah.com or lindsey@ashfordutah.com.

Thank you!

Baylor College of Medicine®

The Texas Children's Global Health Network, in collaboration with Baylor College of Medicine, is offering a paid internship for the summer of 2024. This role is based in Houston, Texas, and spans a full-time, 12-week period starting mid-May 2024. It's an excellent chance for individuals to immerse themselves in global health program management, operations, and implementation, covering key aspects such as monitoring and evaluation, social media, fundraising, education, and training. The focus is on tackling health challenges in low-resource settings, making it an invaluable experience. Importantly, this position is open to graduate students with no prior experience in the field required.

For those interested, more details and application instructions can be found at the following link:

Project Intern Application

JOB OPENINGS

Americorp Position Opportunity with Get Healthy Utah

The position **starts May 6, 2024** and is a **one-year, full-time position**.
