

The Healthcare Leadership certificate seeks to prepare students for leadership and management roles in healthcare organizations. As such, completion of this certificate will prepare students to (1) demonstrate an understanding of healthcare organizations and health service delivery, (2) apply financial and business principles to a healthcare environment, (3) evaluate laws and policy regulations associated with administration in healthcare organizations, and (4) exercise leadership within healthcare organizations. Students will receive a certificate from the Department of Public Health. Completion of certificates is *not* noted on academic transcripts.
